WeCare Project Think Pink

- We Care of Central Florida, Inc. Project Think Pink is a We Care Program that Provides Screening & Diagnostic Mammograms
- Was primarily funded through the Susan G. Komen Foundation in past years, as well as donations, fundraising events.
- Provided over 1,500 Mammograms last FY15-16.
- Currently operates through donations, fundraisers, and BOCC funds.

Current Highlight Success Story

“A patient was seen by one of We Care’s volunteer physicians for a surgery. The patient was uninsured and unemployed. The patient was seen and taken care of by the volunteer physician. The patient is now healthy, employed, and insured. The patient continues to see the volunteer physician, but now is able to pay directly without using We Care services, as the patient is now insured as well.”

Thank You!
