

Polk County Board of County Commissioners Consolidate User Fee Schedule

POLK COUNTY BOARD OF COUNTY COMMISSIONER'S

CONSOLIDATED USER FEE SCHEDULE

Attached is the consolidated schedule of User Fees for Polk County Florida. The fees are arranged by General Administration Copy Fees and then by Division responsible for charging the fees. This document will be reviewed annually to review the current fee schedule and to update any fees that may have been approved for change by the Board of County Commissioners throughout the year.

This Consolidated Schedule of User Fees is for reference purposes only. Fees may change during the year, so you are encouraged to visit or call the appropriate Division for more information regarding specific User Fees. Each Division's phone number is provided below for your convenience:

	Compact Digital Disk	\$ 6.00	
	The County reserves the right to charge for County Employee's time to complete large copy requests. Charge will be based on the lowest possible pay grade able to complete the task determined by the Division. Ask for a cost estimate prior to officially requesting the task to be completed.	Request Estimate	

Division	Fee Description	User Fee	Notes
Information Technology	Public Records Requests	See Note Below	Call: 863-534-7527

1. The Information Technology, Records Management section will document, track, and facilitate processing of public record requests submitted to the Polk BoCC. In the event a request requires extensive use of information technology resources or extensive clerical or supervisory assistance, a special service fee, in addition to the actual cost of duplication, will be charged as provided for in Section 119.07(1), Florida Statutes.

(a) "Extensive," is defined by Polk BoCC as any public record request that requires more than ½ hour to complete all tasks defined in (b) and (c), below.

(b) "Clerical or supervisory assistance" includes locating and retrieving records, reviewing records for statutorily exempt information, preparing records for inspection or copying, deleting, or excising of exempt or confidential information from records prior to review or copying, monitoring of the inspection or copying of records when necessary to ensure the integrity of the records, instructing, or supervising personnel in performing the foregoing tasks to include the time to refile the requested material.

(c) "Use of information technology resources" includes writing and executing software program commands and hardware setup of information technology resources.

2. When accumulated time longer than ½ hour is anticipated to complete all tasks, the charge for clerical or supervisory resources will be no greater than the hourly rate of the lowest paid personnel capable of providing such services. The BoCC does not grant "blanket" fee reduction or waivers and case-by-case consideration is determined upon whether the release of the particular records sought will contribute significantly to public understanding of the operations and activities of the organization.

3. The Information Technology Division, Records Management Section will provide the requestor an estimate of the special service fees and may collect a deposit before beginning the research, as long as it is reasonably based on an estimate. If the actual costs incurred are less than such payment as estimated, the overpayment will be refunded to the requestor. The requestor will be required to remit additional monies upon release of the documents to pay for any costs in excess of the estimate.

Division	Fee Description	User Fee	Notes
Animal Control	Adoption (Includes sterilization & heartworm) per animal:		
	Cats and Kittens	\$ 40.00
