

# POLK COUNTY Utilities Division

The United States Environmental Protection Agency (USEPA) regulations and Chapter 62-550.840 of the Florida Administrative Code (F.A.C.) require all public water systems (PWS), nationally and locally, to produce a Consumer Confidence Report (CCR) to inform their customers of the quality of their drinking water annually.

These reports are available via direct URL as listed, or call Polk County Utilities to have a copy mailed to you at (863) 298-4100
