Wireless Rain Sensor: Rain sensors—also called rain shut-off devices—are designed to interrupt the cycle of an automatic irrigation system controller when a specific amount of rainfall has occurred. They are small devices connected to the irrigation system controller and mounted in an open area where they are exposed to rainfall. Homeowners will be given a FREE Wireless Rain Sensor to install.

Program Qualifications:

- Homeowner must be an active customer of Polk County Utilities.
- The home currently has a programmable irrigation system

Steps to Apply:

1. Homeowner will fill out the application
2. Mail/Email/Fax the application to the utility
3. Utility will contact the homeowner and schedule a time for the homeowner to pick up the FREE wireless rain sensor.

Applicant Information: Please print clearly

Does the property currently have a programmable irrigation system? Yes No

Agreement of Term and Conditions

Polk County will deny any application that does not meet all program requirements. The undersigned expressly agrees that the County may inspect all items submitted for the Wireless Rain Sensor Program. The undersigned further agrees to hold harmless Polk County and/or Polk Regional Water Cooperative against all loss, damage, expense, and liability resulting from the loss, destruction or damage to property arising out of or in any way connected with the Wireless Rain Sensor Rebate. The County reserves the right to alter or discontinue this program at any time. Funding for the program is limited to available resources. For further questions, please call (863) 298-4236.

I have read, understand, and agree to the terms and conditions of this rebate program.
