SECTION I INTRODUCTION

Chapter 163.387 (8), Florida Statutes, requires that Polk County Board of County Commissioners file an annual report of its financial activities with the taxing authorities each year for the preceding fiscal year. This annual report has been prepared to meet that obligation and is filed for fiscal year of 2019-2020 ending September 30, 2020.

The Agency's base year is the 2003 tax roll (\$7,549,782). The Final Tax Roll from the Polk County Property Appraiser for the area is \$109,377,886 which represents a 3.4% increase from the 2018 Final Tax Roll. Overall, the Agency's taxable value has increased by \$101,828,104 (\$7.5 million to \$109.4 million) above the base year.

This report sets forth: (1) the history of the Community Redevelopment Agency and its member commissioners, (2) organization and membership of the administration, (3) public and private capital improvement and projects accomplished, and (4) financial statements of investments, liabilities, income, and operating expenses.

SECTION II HISTORY

On June 20, 2004, the Board of County Commissioners (the BoCC) approved the establishment of the Harden/Parkway Community Redevelopment Agency (Agency) through the adoption of the Community Redevelopment Plan (Plan) with Ordinance No. 2004-11 and the funding of the Plan through Ordinance No. 2004-12, which created the Agency Trust Fund. On January 21, 2004, the BoCC adopted Resolution No. 2004-10 appointing itself as the Board Members of the Agency. In accordance with the Section 163.357(1)(c), Florida Statutes, the BoCC went on to appoint the City Manager and the Community Development Department Director for the City of Lakeland to serve as two additional members of the Harden/Parkway CRA Board.

The Agency is located within the South portion of the City of Lakeland and unincorporated areas of Polk County. The purpose of the Agency is to coordinate projects and programs to rehabilitate, conserve, and redevelop the Harden/Parkway community. The Agency lies within District 1 of the County.

The Agency encompasses lands located within the southern portion of the City of Lakeland and unincorporated areas of Polk County. These lands are predominately road right of ways along Harden Boulevard and South Florida Avenue. Polk County had the statutory authority to establish a redevelopment area in a municipality located within Polk County and was supported by the City of Lakeland in utilizing this approach. The County and City established an Interlocal Agreement to cooperate in creating this CRA for the purpose of eliminating transportation system blight in the area which originally had adverse impacts upon both County and City governments and the citizenry.

The purpose of the Agency CRA Plan was to provide the program framework to relieve the transportation blight conditions, avoid economic disuse of potentially viable properties, and provide the funding mechanism to jointly address the necessary transportation improvements. The County borrowed the funds to complete approximately \$11.2 million of transportation and roadway improvements prior to 2013. Repayment of this debt is dependent upon tax increment financing (TIF) revenues and gas tax revenue, as TIF revenue alone is insufficient to cover the debt service payment.

SECTION IV HARDEN CRA DEVELOPMENT SUMMARY

The Harden/Parkway CRA is in current debt repayment due to the County and City establishing an Interlocal Agreement to cooperate in creating this CRA, for the purpose of eliminating transportation system blight in the area as mentioned in Section II. The County borrowed the funds to complete transportation and roadway improvements prior to 2013.

Figure 4 Harden/Parkway CRA, Lakeside Village

The Lakeside Village retail / mixed use development is the primary commercial development in the CRA. It has not seen significant new development since its early development days, other than retail store and lease spaces changing hands. Photos shown are of the Lakeside Village Retail Development from which the majority of CRA TIF monies are generated. In addition to retail and restaurants, the development has over 40,000 square feet of mixed-use Class A office space, office space above the retail stores, and a state-of-the-art movie theater.
