Introduction/Background

Polk County, a political subdivision of the State of Florida, hereinafter referred to as the County, seeks proposals in response to this Request for Proposals (RFP) from firms specializing in the analysis and correction of water, wastewater, and reclaimed water system under-billings and mis-billings, with the intent of improving accountability and rate payer equity, thereby increasing revenue for the County.

It is the intent of the County to enter into an agreement with one firm.

Scope of Services

The Proposer, in conjunction with the Customer Service Staff and Utility Operations staff (hereinafter "County Staff"), will examine certain utility billing and metering functions to identify causes of, and remedies for, inaccuracies in all functions related to utility billings. The Proposer will provide the software to analyze raw unjoined account data provided by the County. The Proposer will provide experienced, multidiscipline field personnel capable of evaluating all aspects of utility usage; provide turnkey flow metering (Transit Time, open channel sewer, Doppler) where necessary including associated data analysis, thereby identifying variances with the account record. The County will not be responsible for providing data manipulation of any sort or field personnel for the performance of these functions.

The County is seeking performance fee-based proposals. Specifically, the Proposer will identify opportunities for revenue recovery/enhancement through the correction of problems associated with such inaccuracies. The following areas are to be addressed:

- I. **BILLING SYSTEM DEFICIENCIES AND UNBILLED SERVICES – Unknown**
Billing system deficiencies are defined as any factor adversely affecting total collected revenue by the County on an account. Examples of these factors are:
 - misapplication of the County rate structure*
 - billing system accuracy
 - unknown connections
 - account coding errors

- chronic meter reading errors
- II. UNMETERED FIRE LINES - Fire protection systems are to be used within the guidelines of County Ordinance. Fire lines that are used for any unauthorized non-emergency service represent lost revenues to the County. The Proposer will be required to have the requisite experience to determine if any unauthorized use of existing fire lines is occurring. The Proposer, in conjunction with County Staff, will develop and implement a program to correct all identified deficiencies and to limit reoccurrence of revenue loss related to fire lines.
- III. METERING - The County routinely conducts testing and repairs of meters within its system. It is anticipated that, despite the utility's diligence, additional field investigations may result in the discovery of potentially problematic situations. The Proposer will be provided billing and consumption history related to known utility consumers so that the Proposer may review and research these consumers to verify correct billings. The Proposer will provide the requisite manpower, portable Transit Time Flow Meter, hand tools, vehicle, and equipment to identify problematic conditions in the field.
- IV. SERVICE THEFT - Theft of service includes illegal connections made to the utility's water distribution and wastewater collection systems and on open meter bypasses in the system. An illegal connection, for example, could consist of a straight pipe connection rather than a metered connection. Locations of all authorized meters and connections will be provided to the successful Proposer. To facilitate detection of unauthorized meter bypass use, the Utility will provide information related to those accounts which are "locked", and their associated addresses.

For the purpose of this RFP, increased revenue shall mean the difference between the amount of monthly income received by the County on an account subsequent to and prior to corrective action being taken on all unbilled or misbilled water and wastewater

services provided by the County, including retroactive collections made as a result of work by the Proposer.

Note: Items under the scope of services that have already been identified or is identified by the County prior to services being rendered should not be included in the successful Proposer's analysis and will not be compensated under the agreement. This includes exceptions to the rate structure due to separate agreements for disposal sites and water interconnect agreements with other municipalities. Accounts in which the County provides relief to residents by granting non-beneficial use adjustments will not be made part of the scope of services under this RFP. A list of the agreements and resident accounts will be provided during Elevation Level 4, Contract Negotiations.

The County shall request the services on an as-needed basis. There is no guarantee that any or all the services described in the agreement will be assigned during the term of the agreement. Further, the Consultant is providing these services on a nonexclusive basis. The County, at its option, may elect to have any of the services set forth herein performed by other consultants or County staff.

AGREEMENT

The term of this agreement will be for five (5) years.

EVALUATION CRITERIA AND SELECTION PROCESS

Proposals will be evaluated in accordance with this section and all applicable County procurement policies and procedures.

The County shall appoint a selection committee (the "Selection Committee") that will be responsible for evaluating and scoring/ranking the Proposals in accordance with this Section.

The County will use a competitive selection process based on the Elevation Levels described in this Section. At Elevation Levels 2 and 3, the Selection Committee will score and/or rank the Proposals as applicable.

Selection of a final Proposal will be based upon the following steps and factors:

Elevation Level 1 (Procurement Requirements Assessment)

The County Procurement Division shall review all Proposals for conformance with RFP guidelines and detailed submittal requirements. At the County's discretion, non-

conforming Proposals may be eliminated from further consideration and conforming Proposals shall be elevated to Elevation Level 2.

Procurement will distribute Proposals and evaluation criteria to the Selection Committee.

The Selection Committee may convene to review questions that arise during individual member review of submitted Proposals before Elevation Level 2 to allow for questions, clarifications, explanations, or other discussion to be held before the review of Proposals is completed.

Elevation Level 2 (Selection Committee Evaluation)

Procurement shall score each Proposal on the following evaluation criteria:

- Compensation (Tab 4): 10 points
- Surveys of Past Performance (Tab 5): 10 points
- Subtotal Points: 20 Points

by the process stated under each corresponding Tab description.

Each Selection Committee member shall score each Proposal on the following evaluation criteria:

- Experience and Expertise (Tab 2): 40 points
- Approach and Methodology (Tab 3): 40 points
- Subtotal Points: 80 points

- Total Points: 100 points

by the following process:

Each Selection Committee member shall determine which of the following descriptions applies to each of the foregoing evaluation criteria:

EXCELLENT (1.0): Of the highest or finest quality; exceptional; superior; superb; exquisite; peerless. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited an exceptional and superior degree of understanding, skill, and

competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver far beyond expectation.

VERY GOOD (0.8): To a high degree; better than or above competent and/or skillful. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a very high degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver beyond expectation.

GOOD (0.6): Having positive or desirable qualities; competent; skilled; above average. The Proposer provided information for a given criteria that satisfied the requirements and described specifically how and what will be accomplished in such a manner that exhibited a skillful and above-average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at the expected level.

FAIR (0.4): Average; moderate; mediocre; adequate; sufficient; satisfactory; standard. The Proposer provided information for a given criteria that satisfied the requirements and described sufficiently how and what will be accomplished in a manner that exhibited an adequate and average degree of understanding, skill, and competency, both qualitatively and quantitatively. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a level slightly below expectation.

POOR (0.2): Inadequate; lacking; inferior in quality; of little or less merit; substandard; marginal.

The Proposer provided information for a given criteria that did not satisfy the requirements and described in an inadequate manner how and what will be accomplished. The information provided simply reiterated a requirement, contained

inaccurate statements or references, lacked adequate information, or was of inferior quality. The facts included in the narrative (including all supporting documentation, diagrams, drawings, charts, and schedules, etc.) demonstrate the Proposer's ability to perform and deliver at a substandard and inferior level.

UNACCEPTABLE (0.0):

The Proposer failed to provide any information for a given criteria, provided information that could not be understood, or did not provide the information for a given category as requested.

After a Selection Committee member has determined the description applicable for each evaluation criterion, the total points available for such criterion shall be multiplied by the factor associated with the applicable description to produce the number of points allocated for that evaluation criterion. For example, a Selection Committee member classifies the "Experience and Expertise" criterion (which shall be worth 25 points for the purpose of this example) as "Very Good" (which is a description factor multiplier of 0.8). The points that Selection Committee member allocated for that evaluation criterion would be 20, calculated as follows: 25 available points x 0.8 applicable description factor multiplier = 20 points.

A Selection Committee member's total score for each Proposal shall equal the sum of the total points allocated for each evaluation criteria.

When all Selection Committee members have completed their Proposal evaluations, the individual Selection Committee member's total scores for each Proposal will be added together to produce a final score for each Proposal.

Procurement will confirm the calculations for the final score for each Proposal. Then, Procurement shall publish a rank-ordered listing of the Proposals to the Selection Committee with the Proposal receiving the highest point as the highest-ranked Proposal.

If the Selection Committee decides to interview Proposers based on the final scores, then at a minimum the Selection Committee shall elevate the two highest-ranked Proposers to Elevation Level 3 for interviews. If the Selection Committee decides not to

interview Proposers, they will collectively decide if they would like to recommend the Board, or if applicable the County Manager authorize staff to enter into Contract Negotiations with all Proposers, starting with the highest scoring Proposer. After Board or County Manager approval, as applicable, to authorize staff to negotiate a contract, the Proposers will then be elevated to Elevation Level 4 for contract negotiations. The determination of whether the County Manager may authorize negotiations, without further approval of the Board, is contingent upon whether the anticipated cost of the agreement exceeds \$100,000. The County Manager may authorize contract negotiations for contracts which are not anticipated to exceed \$100,000 in total.

Elevation Level 3 (Proposer Interviews)

The Selection Committee shall conduct interviews of the Proposers that it has elevated from Elevation Level 2 to Elevation Level 3. During an interview, elevated Proposers shall make a presentation describing the key elements of their Proposal and/or address any specific topics the Selection Committee may determine necessary. The Selection Committee members will have an opportunity to inquire about any aspect of the RFP and the Proposer's Proposal. After all elevated Proposer interviews, each Selection Committee member shall evaluate each Proposer with emphasis on the following:

Proposer interview and presentation focusing on the key elements of their presentation and answers to questions of the Selection Committee.

After the interviews, each Selection Committee member will individually rank the Proposers in numerical order beginning at number 1 for the highest-ranked Proposer. Procurement shall receive and compile each Selection Committee member's ranking of each Proposer, and then publish a rank-ordered listing of Proposers to the Selection Committee, based on the combined average rankings given each Proposer. The Selection Committee members will then collectively decide if they would like to recommend the Board, or if applicable the County manager, authorize staff to enter into Contract Negotiations with all Proposers elevated to Proposer Interviews, starting with the highest-ranked Proposer. After Board or County Manager approval, as applicable, to authorize staff to negotiate a contract, the highest-ranked Proposer will then be elevated to Elevation Level 4, Contract Negotiations.

The determination of whether the County Manager may authorize negotiations, without further approval of the Board, is contingent upon whether the anticipated cost of the agreement exceeds \$100,000. The County Manager may authorize contract negotiations for contracts which are not anticipated to exceed \$100,000 in total.

Elevation Level 4 (Contract Negotiations)

If a Proposer is elevated to this level, the User division, with the assistance of the Procurement and the County Attorney's Office, shall negotiate an Agreement with the elevated Proposer.

If after negotiating for a reasonable time period the parties cannot agree on a contract, the County shall, in its sole discretion, terminate further contract negotiations with that Proposer. Procurement shall notify the Selection Committee that contract negotiations with the elevated Proposer have terminated. The Selection Committee shall then determine whether to enter into contract negotiations with the next-highest-ranked Proposer, and so on. If the Selection Committee decides not to recommend contract negotiations with the next-highest-ranked Proposer, and so on, or if the County determines there is no other Proposer with whom the County can successfully negotiate a contract, then the RFP Selection Process shall terminate.

After contract negotiations with a Proposer are successfully completed pursuant to Elevation Level 4, the Selection Committee shall recommend to the Board of County Commissioners or County Manager, as applicable, that it selects such Proposer to provide the services as outlined in the Agreement. The Board of County Commissioners or County Manager, as applicable, shall make the final decision whether the County shall enter into an Agreement with a Proposer.

The determination of whether the County Manager may execute a contract, without further Board approval, is contingent upon whether the cost of the agreement exceeds \$100,000. The County Manager may execute contracts that do not exceed \$100,000 in total.
