BID 24-666, TWO (2) BIOLOGICAL TREATMENT UNITS

Addendum # 1

QUESTIONS AND ANSWERS

Question 1: We do industrial waste water evaporation for landfills. Rather than treat it, we dispose of it on site using thermal evaporation. We have a unit running in Florida, and another being installed in November. Is this something you would be interesting in knowing more about as an alternative to the biological treatment?

Answer 1: The County is not considering a change to the technical specifications at this time.
