**BID # 25-166, Lake Lulu Restoration Project - Planting, Invasive Species Treatment, and Harvesting (FDEP)
Addendum # 1**

Revisions

Specifications #2 (page 42)

DELETE IN ITS ENTIRETY: For payment purposes, the acreage of targeted material that has been harvested and disposed of will be determined by the County Project Manager using Global Positioning Systems (GPS) technology.

REPLACE WITH:

For payment purposes, the acreage of targeted material that has been harvested and disposed of, as well as herbicide application areas, will be verified by the County Project Manager using Global Positioning Systems (GPS) technology.

Specifications #3 (page 42)

DELETE IN ITS ENTIRETY: Per the signage requirements provided within Section 25a of Attachment 5 - FDEP Grant Agreement, appropriate signage must be posted and maintained throughout the entirety of the project. The awarded vendor shall coordinate signage with the County's project manager to ensure that all signage requirements are met.

REPLACE WITH:

The County will maintain all required signage.

BID # 25-166, Lake Lulu Restoration Project - Planting, Invasive Species Treatment, and Harvesting (FDEP)

Addendum # 1

Questions and Answers

Q1: Is aerial herbicide spraying through the use of drones permitted for this project?

Q2: Yes.

Q2: Does the grant provide a specific vendor or list of vendors to purchase the plants from?

A2: No, however the grant agreement and bid document do prohibit the use of vendors and subcontractors that meet certain criteria. Please review the full bid document and grant agreement for more information on prohibited vendors, subcontractors, and material suppliers.

Q3: What is the start date for this project?

A3: The project timeline will be determined by the County Project Manager and the awarded vendor after the Notice to Proceed is issued. The County would like to start this project as soon as possible.
